DISHONORED FAITH.

The Baltimore *Sun* gives us the following piece of information, which is suggestive:

The appointment of Thomas L. Tullock as Appointment Clerk of the Treasury is proving a severe blow to all the clerks who failed to subscribe to the campaign fund of the Republican party. It seems that before he became Department Clerk he was Secretary of the Congressional Republican Committee, and in that capacity had appealed to the clerks to give according to their means for the support of the Radical ticket. Many of the clerks refused, and Tullock kept a record of all such cases for future action. Now, it is said, he is contriving to have all those clerks removed, though many of them are sound Republicans, and only had the rashness to refuse to contribute what they could not well afford. Not only has Tullock done this, but he has stretched his blighting arm over all the members of the Johnson Department Club and all the Conservative Democratic organizations who hold positions in the Treasury. The sweeping out has been pretty thorough and complete already. It is further said that in a short time hence a circular will be sent to all the clerks asking for a confession of their political creeds prior to future removals.

Gen. Grant, before his inauguration and after it, proclaimed upon many occasions that no official would be removed on account of his political opinions. He declared that honesty and capability should be made the sole fitness for public place. He said this to his political friends as freely as to his political opponents. He took peculiar pride in saying it. He said it oftener and more emphatically than any predecessor of his ever did. And, among other reasons for the policy he thus announced, he declared that he himself was not a partisan politician, and that he was not indebted to partisan politicians for his election. Yet the partisan exhibition that he makes of himself is more disgusting than any ever made by any other President. He not only promulgates orders through his cabinet that none but Radicals shall be employed even as day-laborers in any department of the Government, but, as appears from the paragraph quoted above, he orders or permits the turning out of all clerks who did not contribute money from their poor salaries for the promotion of his election.—The clerks, it is well known, have had the hardest kind of a struggle for several years to subsist themselves and their families upon the pitifully small stipends they have received, and yet, by the authority or under the auspices of the great foe of partisan proscription, they are swept remorselessly from their places if they hesitated to aggravate the cruel hardships of their wives and children by contributing "black mail" on account of the Presidential election.—The English language is a strong language, but hardly strong to do justice to such a case as this.—*Louisville Courier Journal.*

THE CHURCH HOME FOR ORPHANS IN MOBILE.

The undersigned, as Rector, and in behalf of the "Church Home," presents the following statement of its history and present condition. He deems it due to the many friends who have responded so freely to his calls for aid to state for their satisfaction the result of their labors:

Less than three years ago, (in the summer of 1866,) the "Church Home" which had been established in Tuscaloosa, in the winter of 1864, was removed to its present locality on Warren Street, Mobile. Through the kindly offices of the Rev. Dr. Pierce, to whose efficient instrumentality we are mainly indebted for the present existence of the institution in our midst, a tenement upon a desirable lot was offered for our accommodation - the tenement, as at first occupied, was a small frame building with two rooms.

During the Autumn of 1866, the present main building, in an unfinished state, was prepared for occupancy at a cost of something over $4,000. In the Spring of 1867, a Bazaar was held under the Presidency of Mrs. Wm. P. Hammond. The notice was very short, not two months, and yet the sum of $3,000 was realized. This amount was expended in the erection of the present large School House, and in making other needful improvements upon the premises.

In the Spring of 1868, another Bazaar was held under the Presidency of Mrs. Dr. Ketchum, and the net sum of $4,581 was realized. That amount, deducting a portion held in reserve for the purchase of materials for the ensuing Bazaar, was expended in the erection of an Infirmary, Kitchen, Laundry, &c., in completing the inside work of the main building, and in the erection of a brick well enclosure upon the front.

The cost of the present improvements may be stated in round numbers at $10,000 —the property is insured (participating policy) for $6,000.

The Institution is now, and has always been, entirely free from debt and incumbrance.

It is, in some part, sustained by the labors of the Sisterhood; and the aim is to make it, in time, self-supporting. All the work of the house is done by its inmates.

There are now, under the nurture of the Home, twenty-six Orpham Children. No death has occurred among them. It would be difficult to find any similar Institution in which the children show the fruits of better training and nurture.

There are now on hand the proceeds of the late Bazaar, over which Mrs. Dr. Ketchum presided. That the amount realized ($2,500) did not equal the efforts and reasonable expectations of the good ladies, is due to circumstances which they were powerless to control. Considering everything, the result was more than satisfactory.

It is proposed, with the sum now in hand, to raise the School House another story, and to enlarge the accommodations already too limited.

Acknowledgments are due in so many quarters that the undersigned hesitates to mention the parties, lest he should fail to include them all. He would express his gratitude to the good ladies, who have given so much of their time and labor to the cause; to the kind physician, Dr. R. Miller, who has ministered so faithfully and successfully at the bedside of the sick; to the generous public who, notwithstanding the daily, and almost hourly, calls for the exercise of charity, have always so liberally responded; and he would not forget to express his gratitude to the marketmen, who, day by day, with a readiness and unweariedness that he has never seen equalled, continue their contributions of commodities as valuable to them as money—to the support of the institution. The people of Mobile can hardly know how much this class of their population is daily doing for the support of the poor; may God reward them a hundred fold. In view of all that has been accomplished during the last few years, by a people themselves struggling for daily bread under circumstances most distressing, we may well lift up our hearts in gratitude to our Heavenly Father, who has blessed our people with the spirit of liberality; and we may gather encouragement to redouble our labors of love, until all the children of want and suffering may find in the Church of God—a "Home."

Respectfully,
RICHARD H. WILMER,
Rector of Church Home.

THE Ætna is the LEADING LIFE INSURANCE COMPANY in North Carolina,

Largest amount of Losses to Widows and Orphans!

The Largest Revenue to the States. And has by far the largest number when compared with 58 Companies reported officially by the Commissioners of New York and Massachusetts it will be seen that the Ætna ranks as one of the first Companies of the Continent. But two of the fifty-eight Companies permitted to do business in New York and Massachusetts had so large an income for the year 1868; but two had so large a number of Policies in force, but one among all those incorporated under the laws of the State of New York had so small a per centage of Expense to Income during the year 1868.

Its expenses are lower than most Companies', and consequently its ability to make and pay liberal dividends to the insured is greater than that of most other Companies. It is one of the great Companies of the land in Income, in Assets, in Number of Policies, in Amount Insured, in Solidity and Strength, in Soundness, Cheapness, Promptness, and Success. Persons contemplating this mode of investment in the future as in the past would do well to examine the claims of all and take a policy accordingly.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

SATURDAY, JUNE 5, 1869.

THE UNIVERSITY.

The petition or appeal of the people of Chapel Hill for the removal of the present Faculty at the University will astonish no one, not even the President of that institution.

Their complete failure to keep alive the institution astonishes no one, not even the Governor. He knew when he made the appointments that the parents of children would send their children to no such teachers for instruction. This appeal will be signed by many persons and presented to the Trustees.

When the present Professors were first appointed or elected, we indulged in a little criticism upon them. Immediately the prominent citizens of Chapel Hill wrote us earnestly requesting that we would indulge in no criticism upon the Faculty, but give them a fair trial.

They based the grounds of their action entirely upon pecuniary considerations, saying if the College did not prosper, the village of Chapel Hill would not. For awhile, and to gratify many personal friends we kept our peace. We called upon the Trustees, Chief Justice Pearson and Senator Lassiter, of Granville, to patronize the University by sending their own children to it, instead of to Northern Colleges.

These gentlemen who would fain make us silent with regard to the inefficiency of the Faculty, are now appealing to the Trustees for the removal of the Faculty.

The University has always had more friends, patrons and benefactors, than any other institution of learning in the State. Yet, Trinity, Davidson and Wake Forest are in a more prosperous condition. We have no knowledge of a single school in the State, whether it be for the instruction of white or black, that has not more of numbers, life and soul in it than our once honored University.

We see that Judge Rodman is to deliver the address before the two literary societies. What a shame that Judge Rodman will lend his name to any such fraud. We hope that the correspondence between the Judge and the society electing him orator, will be published. If any such exists we think it a forgery. Who are the members of the society? If there are no students there can be no members of society authorized to select or elect an orator for commencement.

Petitions and appeals should go up from all portions of the State calling on the Trustees of the University to place the institution under the care of such teachers and instructors as will command the respect and patronage of the people of the State.

The Alumni of the University should no longer leave their venerable old mother in her solitude and humility to the unprotecting care of Brewer and Pilgrim Ashley's brother-in-law.

Let Brewer be sent back to the little negro school he was teaching at the depot in this city when he was called by Governor Holden and the Trustees to fill a Professor's chair in the University.

Let Professors Phillips, Hubbard and Fetter, and such as are known to the whole people of the State, take charge of the University. They are men to whom parents can confide the education of their children. Such Professors as we have named can attract the crowd, can make the University put off her solitude, humility and sorrow and appear once more in her wonted grandeur, majesty and usefulness.

OFFICIAL EXTRAVAGANCE.

Every good man is painfully sensible of the impoverished condition of the State.—And, yet, the extravagance of our officials, from Governor down to the smallest office-holder, is without a parallel. There has been nothing like it in North Carolina before. The Legislature set the example by giving the presiding officers of that body ten dollars per day, the members seven dollars per day, and the Clerks and other officers of that body like exhorbitant pay; besides, as many places were made to be filled as was possible, in order to afford salaries for favored Radical friends. All sorts of Clerks, Committees, commissions, delegations, little jobs and big jobs, too, were appointed and created, to be filled with Radicals. The Governor's action fully harmonizes with that of the Legislature in this respect. Let any one go to the Capitol and see what useless and criminal extravagance is carried on there. Things, useless things, are done, and are done to find employment for favorites and these favorites are paid the most extravagant prices for their labor. For months, we have noticed a swarm of employees about the Capitol and the Capitol square, doing many unnecessary things, things that were never thought of when the State was rich and able to indulge extravagance. Then, these workmen just take their *own time* to finish a job that is finished up, not by the *job*, but by the day. No one works at these jobs but Radicals and they are paid *Radical* prices, with the money earned, *by whom?* by Radicals? No! The county expenses are in a like scale of extravagance. Take the County Commissioners. They allow themselves from three to five dollars per day and they manage to sit very often and to have long sessions. Look at the number of county officers and look at the salaries paid to each! We call upon every citizen to look at the county expenses of his own county and see how the money goes and in what enormous quantities.

The same may be said of the towns and cities. Take this city for example. Just see the number of unnecessary jobs done to be paid for, the number of unusual and unnecessary officials of one sort and another, and while the [illegible] men of the city are oppressed with the ordinary Federal, State, County and City taxes, we see the city authorities here undertaking to put up a new market house at the price of $34,400, giving the job to a *political favorite*, when another man quite as responsible and quite as capable, proposed to build the same house for several thousand dollars less. A market house is needed, but the condition of our people does not warrant such extravagance and such criminal discrimination as to contractors. But so we go, this is all part and parcel of the *Radical policy* that rules the State.

Do the men who thus expend the public money so lavishly, pay the taxes? No. Four fifths of them pay no taxes, or comparatively none; they are irresponsible and don't care; the tax payers don't elect these officials and why should they care about public economy, especially, when they themselves, in the main, pay no tax? We repeat, these officials are irresponsible; they pay no taxes, or next to none, and the men who elect them don't pay taxes. And besides, they care little or nothing for the public weal.

We have this further to add here, that no State or people can prosper where its rulers are so, in every sense, irresponsible. Such a people will have no prosperity, they will have no public credit or public honor, and they will have no spirit as a people; they will degenerate until they become a laughing stock and by-word. See now our irresponsible Legislature have run up our public debt; our bonds are issued by millions, and what are they worth,—less than 50 cents in the dollar and going down to nothing. The reason of this is, our rulers are reckless, extravagant, ignorant and irresponsible. And yet they have the unblushing impudence to talk about the public faith and honor! Shame on them and a people that will tolerate them!

"HELL" ON EARTH.

The Cincinnati *Gazette* (Republican) draws this picture of its own party reconstructed State, Tennessee:

It has been the common custom to describe the political situation of Tennessee, since the reconstruction, as "hell." No one who has read an account of the late Republican State Convention will dispute the fitness of the term. Such a riot of passion, coarseness, profanity, and blackguardism makes the most vivid picture the imagination can conceive of pandemonium. In all that two day's strife of disorder we see no signs of a wholesome popular sentiment—of a capable, independent, self reliant people, such as exercise a moral control over their representatives and leaders; we see nothing but a helpless mass and the strife of a few reckless leaders, determined to rule or ruin. Nor does it present even this alternative, for the escape from ruin is by no means guaranteed by their rule.

Tennessee is suffering from the inevitable consequences of irresponsible government—a government which ostracises the great body of the taxpayers, and of that intelligent class which naturally makes up the controlling public sentiment. In her experience we realize the truth of declarations made by Governor Andrew, of Massachusetts, and of Henry Ward Beecher, for which they were much denounced at the time, to the effect that we cannot set up a safe government in the South by excluding the property holders and the natural leaders of society. It was supposed to be a very simple and easy thing to do, and that we had only to enfranchise the mass of blacks just set loose from the long night of bondage, and to disfranchise the former governing element and we should have loyal State governments. We hope our readers will bear witness that we never advocated such a plan, and that we always held that until the people of the Southern States could be trusted the United States should govern them; not by arbitrary military power, but by law.

We have seen a full trial of this system of establishing loyal government in Tennessee, and it has become a question whether such loyalty is not exhaustive to the State, and whether we may not have to relax the loyal rigidity in order to save the State from ruin. In general the Radical rule has been marked by profligacy in both State and municipal government, as is shown by the great increase in State and municipal debts, besides the great floating debts which they are carrying along at ruinous rates of interest. In this we realize the evil of disfranchising the great body of tax payers, and thus losing their conservative influence in public affairs. And this is aggravated by an agrarian spirit which takes possession when they who are hostile to the property class have control of government; who are apt to regard every burden they add to property as so much towards its equal distribution, and toward securing their share. And in this case there is the feeling that these burdens are in the line of retribution upon the property class for their disloyalty in the civil war.

HOUSEHOLD ANGELS.—An exchange gives the following truly excellent piece of good and sensible advice:

If you are in trouble or a quandary, tell your wife—that is if you have one—all about it at once. Ten to one her invention will solve your difficulty sooner than all your logic. The wit of woman has been praised, but her instincts are quicker and keener than her reason. Counsel with your wife, or your mother, or sister, and be assured light will flash upon your darkness. Women are too commonly adjudged as verdant in all but purely womanish affairs. No philosophical student of the sex thus judges them. Their intuitions, or insights, are subtile, and if they cannot see a cat in the meal, there is no cat there. In counseling a man to tell his trouble to his wife, we would go farther and advise him to keep none of his affairs secret from her.—Many a home has been happily saved and many a fortune retrieved by man's full confidance in his "better half."

During Davy Kennedy's speech at last Halifax Court, a very laughable incident occurred. The speaker was telling his auditors what an accomplished gentleman Harris, the negro candidate for Lieutenant Governor, is. Among other things, he said, he was a regular graduate of "Oberlin," Ohio. A negro in the crowd exclaimed—"I don't want any of you oblong niggers from Ohio—I want a *square cut Virginia nigger*."—*Danville Times.*

A Greek at Stamboul recently had a dream that a vast treasure could be found in a certain hill, if a child were sacrificed to the guardian demon. He took his little daughter to the place the next day, beat out her brains, and dug for the gold in high spirits until he was arrested.

For the Sentinel.

AN APPEAL.

An appeal is hereby made to the Trustees of the University of North Carolina who are to meet at Chapel Hill on the 10th inst. We hope the papers of the State will give it circulation.

The attention of the Trustees is called to the fact that the public understood that the present session of the University was to be an *experimental* one, and that the appointment of the present Faculty were *provisional*. The people of Chapel Hill and its vicinity, though greatly confounded when the appointments were announced, earnestly deprecated any criticism or pre judgment of them in the public press, and, in fact, took steps to prevent it, so that the trial of their acceptability might be fairly and freely made. It is to the pecuniary interest of Chapel Hill that the College shall succeed, and it is a matter of utter indifference to the people of the town and country, what the political bias of the members of the Faculty may be, provided they are able and popular teachers.

The trial has been made, and the present officers have proved to be so utterly distasteful and unacceptable to the people of the State that, with every attempt to conciliate patronage in the past session, but two students have arrived here, and they are both relatives of Mr. Pool. One other, a resident of the village is associated with them, and besides there are five or six smaller village boys who attend at the buildings as at a preparatory day-school.

The Trustees are now expected to act upon these indications. One of the fundamental principles connected with the establishment of the University was, that no party bias should be allowed to have sway there, or influence the appointment of its officers; and the people of the State have a right to require the Trustees to act upon this principle, and give us a President and Faculty such as all may rally around, and thus enable us to renew and sustain its former reputation and usefulness.

We would put *Mr. Pool* into one scale, and the *people of the State* into the other—What claim has he upon the State or the Institution, that he should be set up in opposition to the judgment and wishes of the very people who are to sustain the College, and whose property is taxed to pay its officers? With what face can any of that Faculty retain their seats there, in the teeth of such emphatic public disapproval as they have received? Mr. Pool's pretensions to fill the President's office only excite derision in the minds of those who know him; his pretensions to public consideration and deference are lighter than vanity, and even were they in any degree considerable, should be thrown to the winds when brought into conflict with the welfare of the youth of our country.

As a political partisan, Mr. Pool has had his reward far beyond his merits. He now enjoys an office connected with the collection of government taxes, supposed to be worth $5,000 per annum. His two brothers-in-law have each an office in his Bureau worth $1,500 a year, and his *mother in-law* enjoys the profits of an office worth $1,000, (the profits of which as she is incompetent to do the work, she shares with a person who can do the business.) Thus, one little club of a family have paid to them in the neighborhood of $10,000 per annum to the exclusion of other persons in this section; and Mr. Pool must also have his vanity tickled by being seated in the President's chair, to the ruin of the Institution, as well as have his pockets filled with a lavish government salary wrung from a hard-working and prostrate people.

When the Trustees come together if Mr. Pool should be able to show that under all the pressure he can bring to bear the next session will be able to start with 20, 30 or even 50 students, even on this extreme calculation, he and his Faculty will be a dead loss to the State. This College if properly officered would command at once 100, or 150 students, and eventually would no doubt rival its former prosperity. To continue this Faculty there, as a further experiment will be a grievous wrong, and an outrage upon the people of the State and of Chapel Hill.

Those citizens of Chapel Hill who have bought property there under the pledge of the State that the University should be sustained, have suffered very great loss by the recent action of the Board of Trustees. At the beginning of this year, some few thought or hoped that even under present management the College might go on, and sales took place at something like former prices. Within the past few days property that cost $2,500 has been sold at $500, and persons of good judgment, acting under oath, have appraised property at $1,000, that was formerly valued at $3,500.

The property holder of Chapel Hill finds himself seriously embarrassed, for with no way of making a living there, he is unable to get any price for his property to enable him to start elsewhere. Besides, the people of the vicinity and surrounding country are becoming impoverished and discouraged for want of a market. Chapel Hill was once one of the best ready money markets in the State for small farm produce.

We appeal to the Trustees of the University to interfere for the public good, and let us have men there as teachers who shall command confidence and patronage. A President whose reputation as a scholar and teacher is beyond criticism, and a Faculty that a man of reputation will be willing to be associated with. Let something besides the fact that they will sustain this or that political party, be considered in the appointments.

CONFEDERATE MEMENTOS FOR THE PEACE JUBILEE.—A Richmond (Va.) junk dealer has purchased at a government sale of condemned United States articles the old family carriage of Jefferson Davis, used by himself and family during his presidency of the Confederate States. This carriage is to be shipped to Boston in time for exhibition at the peace festival, which will open on the 10th of June. This patriotic and enterprising junk dealer will at the same time forward to the same destination, the two *Minnie* balls that meeting in mid-air on the opposing lines before Petersburg, were welded together in such a shape as now to present a *unique* and great curiosity—a circumstance so rare that it would not happen probably more than once in a million of times. These go to the great jubilee as peace-offerings or rather, it is to be supposed, as a speculation.

The franchise of a railroad in Twenty-third street, New York, from the North to the East River, was sold by auction on Wednesday by the Commissioners of the Sinking Fund. The price brought was $150,000. Mr. Sidney A. Yeomans was the purchaser.

The operatives in the cotton mills of Massachusetts have given the Old Bay State some "heavy licks" in the New England labor convention. One poor girl says she "believes in h—ll, because it affords a prospect that the owners of cotton mills be punished as they deserve." What a comment is this upon "protection to American industry!"

WADE CONFESSES.—Wade says that every man in the Senate wants to be President, and that this was always true. He must certainly know about so much of this as relates to Wade.—*N. Y. Herald.*

THE PACIFIC RAILWAY SWINDLE.

The public is a good deal vexed, but not very greatly surprised by the action of the Pacific railway companies in fixing their freight and passenger charges at rates which are simply an outrageous extortion, and which will tend to restrict rather than to encourage commercial movement over the route.

The Central company have fixed their passenger tariff at ten cents a mile in gold; and their freight tariff at fifteen cents a ton per mile in gold, which is equivalent to $105 per ton from Sacramento to Promontory Point. The Union Pacific charges are on the same preposterous scale.

The *Sacramento Union* newspaper very truly declares, at these rates, the Pacific railway will not transport a thousand tons a year of Asiatic goods to the Mississippi valley. At these rates, or even one-half or one-third of these rates, the grand flow of commerce from the Pacific toward the Atlantic, of which every one has been indulging in bright anticipations, will prove to be the most "baseless fabric of a vision" that human imagination ever created.

It is quite immaterial to the owners of this prodigious railway monopoly. They have got some forty or fifty millions of dollars clear profit out of the government bonds that built it, and they have got the millions of acres of land along the line which were given them as a bonus for doing so much to enrich themselves. The lands will keep up the market value of the railway stocks to a high figure, even should the road not transport a pound of freight or carry a single passenger in the next twenty years. Why should they invite traffic, which would only serve to more speedily wear out their rails?

The road, moreover, is in no condition to do business. The report of the government commissioners establishes the fact that it will require an expenditure of many millions, upon both roads, to bring them up to the requirements of the law. It appears to be the purpose of the companies to levy whatever it will cost them to fulfil their original bargain with the government, as a tax upon the commerce and travel that may be compelled to seek this route.

It is an unmitigated outrage, against which the public voice ought to be raised in united and indignant protest. Protestation against a swindle so flagrant would propably have no effect whatever upon the companies. But it may be that Congress, which has reserved some sort of right to interfere in the premises, can in that way be induced to see, what the people must now see very clearly, that in emptying the public treasury into the pockets of Pacific railway companies, the country has been magnificently *sold*.—*Nat. Intelligencer.*

Who wishes for the arrival of the day when the demagogues of the country will use the last resting places of the patriotic fallen as stepping stones to the heights of prominence or of office which they are seeking with unscrupulous impulses?—*Radical newspaper.*

It would require a good deal of space to give the names of all those who wish for it. It will, therefore, be economy, both of printer's ink and the reader's time, to mention some of the classes of persons that wish for it.

Jacobin office seekers wish for it.

Blatant demagogues, like Mr. John A. Logan, wish for it.

Radical scallawags that are too lazy to work, and have not wit enough to earn a living without the help of the party, wish for it.

Men who hang about whisky saloons, treating loafers to "drinks," in the hope of getting their votes, wish for it.

Individuals who boast that they are "engaged in the interests of God and humanity," wish for it.

Persons who talk flippantly about "copperheads" and "rebels," wish for it.

Shallow-pated creatures that talk of "the party of loyalty," wish for it.

Fellows that pretend to gush with uncommon mournfulness over the memory of "our dead heroes," wish for it.

Pulpit-pounders that never miss an opportunity to lug politics into their sermons, wish for it.

The barnacle family who infest the Chicago court house, wish for it.

The vast horde of needless office holders who are eating up the substance of the people, wish for it.

Men who have risen to official honors without merit, who assume public functions without capacity, who execute public trusts without integrity, who regard office getting as a trade, and official stealing as the legitimate reward of faithfulness to the party, wish for it.

And, finally, five men in every six who act and vote with the Jacobin party, wish for it.—*Chicago Times.*

TWO BOYS TORN TO PIECES BY A PANTHER.—A man living in Taney county, Mo., recently sent his boy to mill, a distance of ten or twelve miles, and the boy not returning as soon as usual, a neighbor sent his boy to see what had become of the lad, and the second boy not returning in due season, a party, consisting of the parents of the two boys, and three or four other men, all armed, started to search for the youths. After travelling some four miles, a sight sufficient to chill the blood of the bravest was presented to their view. Right by the side of the road was a large panther deliberately tearing the flesh from the remains of one of the boys—the last sent out. The grief and horror-stricken parent raised his gun to his shoulder, and, taking good aim, fired and killed the ferocious beast. After searching a mile or so more, the mutilated remains of the other boy were also found.—*Louisville Courier Journal.*

W. R. Bramburg, was shot and killed on Tuesday last on the road about twenty miles from Tuscaloosa, Alabama. It appears that Bramburg had a wife and several children, whom he had deserted. He made the acquaintance of a respectable young girl, only fifteen years of age, and succeeded in seducing her. She was living with her mother, who is an invalid. Bramburg, on this occasion, visited the house, and managed to abduct the girl, getting seven or eight miles from her home. Was immediately pursued by a party of the girl's relatives and friends. As they rode up in sight of the villain and his victim, he cocked a gun at the party; but one of the pursuers was too quick for him, and shot him dead. The girl was then taken back to her mother.

INDIAN SITES.—Richmond now stands upon the site of the village of Powhatan.—Fredericksburg upon that of Cuttatawomen, and Port Tobacco stands where, upwards of two and a half centuries ago, stood its namesake "Potapico"—the term meaning, we believe, "river between high hills." The Point Lookout of modern times was named "Sparks Poynt." Upon the banks of the Potomac, in what is now known as "Cedar Point Neck," stood the village of "Nushemuck," and immediately across Nanjemoy creek, near what is known as "Nanjemoy Stores," was located the town of "Matsughquamend."

A lady in Louisville, who weighs two hundred pounds, has lived for the past two months without eating the least food. The attending physicians can give no aid, as she suffers neither pain nor hunger.

* *Explanatory Drawing.*—The Drawing by the Real and Personal Estate Agency, anxiously looked for by persons who had taken stock, came off on Saturday, according to published programme. The weather was weeping, but the expectant people were not deterred by that, and went in numbers to Tucker Hall to watch the operation. A good deal of excitement was caused when the owners of lucky tickets claimed their prizes as their numbers was drawn.

J. M. Blair, Esq., of the Yarborough House, drew the $650 piano; Mr. Wesley Whitaker drew a $5 china set, and Mrs. Pepper, wife of the caterer, drew a $12 hearth rug. Very many of the tickets were sold out of town, and we have not the names of the holders. Every one was satisfied with the arrangements of the drawing, and this augurs well for the grand drawing of which this is explanatory.—*Standard.*

The Age of Progress.

We publish to-day, the first scheme in the sale of Real and Personal Estate Company chartered by the last Legislature, with a capital of one hundred and thirty thousand dollars, and with power to increase that amount to five hundred thousand dollars. An examination of the charter satisfies us that the Company is pursuing a legitimate business; they are empowered to "dispose of Real and Personal Estate in any mode or form they may deem best," and "all laws, or clauses of laws, coming in conflict with said charter are hereby repealed." This is plain and unmistakable English and we have no doubt the transactions of the Company will prove beneficial to the property holders of North Carolina. For example: Mr. A. owns a piece of real estate which he wishes to dispose of. He throws it upon the market, and fails to get a bid that would warrant him in making a deed. He then places it in the hands of the North Carolina Real and Personal Estate Agency, at a fair valuation, and the property is sold by chance—the owner gets his price—the Company a fair and reasonable compensation for selling—and some poor man, for *two dollars* comes in possession of a homestead, which, under any other circumstances, he would not have owned.

In fact, we do not view the Company as a Lottery,—it is what it purports to be, a simple Agency for the sale of property, for its true value, which, otherwise would be sacrificed.

We refer our readers to the advertisement—the splendid real estate offered, and the other rich prizes, amounting in all to THREE THOUSAND AND ONE—and the reader will perceive, by the simple rule of division, that there is one prize to every twenty-four tickets.

The General Agent of the Company has given us a call, and assures us, that the success of the Company is no longer a problem. In thirty-five counties through which he has just traveled he represents the people as being enthusiastic in favor of it—both as to investing, and the placing of property in the hands of the Company for sale. He represents that already, before the first grand drawing has taken place, applications to sell, amounting to half a million dollars, are on file in the secretary's office.

We learn from the Raleigh papers, that the explanatory drawing which took place in the city of Raleigh, on Saturday last, passed off to the decided satisfaction of a large audience assembled in Tucker Hall to witness it.—*Wil. Post.*

One three cent stamp must accompany every order. All tickets will have the seal of the Company and signature of the Secretary.

☞ We refer to any Merchant, Banker or [illegible] or gentleman of standing in the city of Raleigh.

For further description and particulars, address

JOHN C. HESTER, Secretary.

THE SENTINEL.

LOCAL DEPARTMENT.

SATURDAY, JUNE 5, 1869.

PREACHING TO-MORROW.

Episcopal Church—By Rev. R. S. Mason, D. D., Rector, at 11 o'clock, A. M., and 8½ o'clock, P. M.

St. Augustine Episcopal Church—By Rev. J. Brinton Smith, D. D., at 10½ o'clock, A. M., and 7½ o'clock, P. M.

Baptist Church—By Rev. Dr. Pritchard, D. D., at 11 o'clock, A. M., and at 7½ o'clock, P. M.

Methodist Episcopal Church—By Rev. W. E. Pell, at 11 o'clock, A. M., and Rev. H. T. Hudson, at 7½ o'clock, P. M.

Methodist City Chapel—By Rev. Mr. Carden, at 11 o'clock, A. M., and 7½ o'clock, P. M.

Presbyterian Church—By Rev. J. M. Atkinson, at 11 o'clock, A. M., and at 4 o'clock, P. M.

SANITARY.—The City authorities of Charlotte have passed an ordinance, requiring the removal of all debris and noxious matter within the corporate limits. This is commendable, and the example is worthy of imitation, and we hope our city officials will feel the necessity of imitating it before the July sun begins to hatch out the fever from many localities within our corporate limits.

MECHANIC'S BUILDING AND LOAN ASSOCIATION.—Pursuant to notice there was a large meeting of this Association, last evening, at the Court House. We learn that the capital stock was increased from one to two thousand dollars, and that $1,600 was loaned out at premiums of 17½ and 27½ per cent. We are happy to find that the affairs of the Association are in such prosperous condition, and that its operations are already producing many beneficial results.

We understand that something over 1,060 shares have been paid in, and that at every meeting shares are rapidly sold and promptly paid for. We wish the enterprise every success. It is what Raleigh has long needed, and, now that it has been fairly commenced, we hope it may grow every day in wealth and usefulness. We shall allude more particularly to the plan of operations of this Association hereafter.

CITY BONDS.—We saw, on yesterday, a number of the new City bonds, $500 each, having the likeness of His Honor, Mayor Harrison, engraven upon them. They are very neatly gotten up, and we hope they may be disposed of at a higher price than the State Treasurer sold our State bonds at. But, higher or lower, our citizens will have finally to foot the bill.

A good plate of good turtle soup is a very good thing, refreshing to the inner, and strengthening to the outer man.—Pepper has sent us bowls of the article from his restaurant on Fayetteville Street, for two days "hand gwine," and we have enjoyed them, as many others did who know how to appreciate a good thing. Thank you, Wright, try again.

A SUBSCRIBER wishes to know if our City Commissioners, or at least of one them, feels no official remorse in violating their own ordinance in regard to forestalling, by buying eggs, butter, &c., to sell again contrary to the letter and spirit of the ordinance alluded to.

We cannot tell whether the Commissioner feels any such compunction of conscience or not; we have seen no evidence of it—quite the contrary.

HON. S. P. CHASE is expected to be in the city this afternoon.

The United States Court will convene in this city on Monday next. The Court, we understand, will be held in the Senate Chamber, and Chief Justice Chase is expected to preside.

O-P-H.—The Governor's malish, with banners flying and muskets with mouths wide open, left the city this morning for a campaign in Jones county. We judge these are not the veterans of the Alamance foray, as we failed, after close examination, to discover any scars or battle bruises on the persons of those who left this morning. There were about twenty muskets, with the redoutable Bosler in command; just about enough in number, and of the right stripe, to break the peace all to pieces in any community, but not enough, nor of the right stamp, to do any good in a disturbed district, such as Jones County seems to be at present. If this force should succeed in quieting the disturbances down there we should consider it an evidence that they could have been quieted very easily by an ordinary process. But

"When cannons roar and muskets rattle,
O, what a glorious thing's a battle,"

and the Governor's malish will reap a heap of glory, and some dollars, by the expedition. Who cares for expense?

KISSING GOES BY FAVOR.—Delegates to the Grand Council of the H. O. A., to be held here in a few days, are notified by the Rad. Railroad management, that they can pass over the Road for half price.

"NEXT TUESDAY WAS A WEEK."—"Substance without the form," is the motto of the Code Commissioners. We have a happy illustration of the motto in what follows:

In our late trip to Newbern, a friend handed us the following notice of a lawful Constable's sale, which was taken from the Court House door of an adjoining county. The Constable had been honored with a Commission from Holden as Magistrate for the county. Our informant declared it to be true.

HUNG.—A special dispatch informs us that Thomas and Baker, two of the Wade Ditcher murderers, who were respited by His Excellency, the Governor, aided by the official efforts of the Chief Clerk, on Friday 28th ult., were duly executed yesterday, at Halifax.

COMMENCEMENT.—We are indebted to the Committee for an invitation to attend the commencement of Pittsborough Scientific Academy, on the 10th and 11th of the present month.

On the 10th the annual sermon will be preached by Rev. Robert B. Sutton, at 11 o'clock A. M.; declamation by the students at 8½ P. M.

On the 11th, at 11 A. M., Orations of Seniors; 5 P. M. Literary address by Col. A. A. McCoy of Clinton, followed by delivery of scholastic honors; at 8 P. M., display of fireworks; 10 P. M. Students' entertainment.

The Alumni are invited to join in the procession, and will meet at the Academy on the 10th, at 9 o'clock, A. M.

If circumstances permit, we shall take great pleasure in being represented on the occasion.

THAT FINE BUGGY.—The buggy drawn by ticket 51, at the explanatory drawing of the N. C. Real and Personal Estate Agency, on Saturday last, was sold at auction yesterday, on the Market Square, by order of Mr. Redmond, the fortunate holder of the ticket, and was bought by Blair, of the Yarborough House, for $211. We understand Mr. Blair has since been offered $300 for his purchase.

We inadvertently neglected yesterday to call attention to the advertisement of the North Carolina State Agricultural Society, inviting plans and proposals, for building Floral Hall, proposals for furnishing material and erecting a fence around the grounds &c.

The Hartford *Courant* says: Colonel Phelps does not deny that there have been irregularities in the management of his business, but asserts that there has been no intention to commit fraud. He had overpaid tax on cigars under the old law, but failed to follow strictly the requirements of the law in several particulars, such as executing bonds, registering the names of his workmen, &c.; his failure to do so being the result of negligence rather than to avoid legal obligations.

LAST NIGHT'S DISPATCHES.

FROM WASHINGTON.

WASHINGTON, June 5.—The recent Indian outrages are receiving the earnest consideration of official circles. Western men urge immediate action for the protection of the frontier. Senator Ross has had interviews with the President, recommending the stationing of garrisons along the frontier, and has been assured that such measures would be taken to prevent future depredations. Commissioner Parker instructs the Superintendent of Indian Affairs in Kansas to report to the Indian office the state of affairs in that locality.

In addition to the reduction of the public debt shown June 1st, there was paid during May, interest amounting to over two millions, which was due and payable before the 1st of March, which had never been reported as part of the debt.

The old fractional currency and government note plates were melted at the navy yard to-day in the presence of a committee appointed to superintend the destruction. These plates had printed over eight billion dollars.

The announcement of the appointment of J. Russell Jones as Minister to Belgium, vice Sanford, causes much comment. The friends of the latter say the President promised that no change would be made until after the meeting of Congress.

Currency balance in the Treasury to-day over $22,000,000.

Revenue receipts over $2,000,000.

Judge Humphries, of Alabama, addressed the graduating class. Afterwards President Grant delivered the diplomas. There are seventy-eight graduates. ROBERT SOUTTER,
OF GRANVILLE COUNTY
realizing the importance of spreading the growth of Wheat in this County; and the farmers, knowing so well the absolute necessity of supplying themselves at an early period with "Seed Wheat" of the finest quality, ready to plant in the Fall, the undersigned takes this early method of inviting applications from farmers, for what they may require to plant next Fall, of the very "Select Seed Wheat" which he expects to deliver at moderate prices, from the crop growing now at his "Oakland Farm" near Townesville, in this County.
This Wheat was planted last Fall, with Guano, of seed selected in Baltimore with great care by my predecessor, Mr. Chas. H. K. Taylor, who paid $3,25 for it there. It has had the advantage of a heavy top-dressing in Spring of Chicago bone Fertilizer and is now very promising.
Like the good Sorghum Seed which I have offered to the farmers of Granville, I hope the orders for my "Seed Wheat" may be equally attractive, to absorb all that I can expect to spare of it.
Address me at Kittrell's Springs, or Mr. Thos. W. Taylor, at Oakland Farm.

SAY OF THE
BROOKLYN LIFE!

"A Company that makes such endorsements on its policies, gives the strongest pledge that it will fulfil its trust faithfully, and keep its reserves sufficient."—Hon. Elizur Wright.

"The BROOKLYN LIFE has placed itself in the vanguard of insurance reform, and is the first Company that has done full and complete justice to the insured."—Insurance Times, Jan. 1869.

THE BROOKLYN LIFE, ALONE OF ALL OTHER LIFE INSURANCE COMPANIES, GUARANTEES A DEFINITE SURRENDER-VALUE IN CASH, AND EVERY POLICY ISSUED BY THAT COMPANY, BEARS A CERTIFICATE STATING WHAT THIS EXACT WORTH WILL BE IN DOLLARS AND CENTS, AT ANY TIME, AFTER THE PAYMENT OF TWO OR MORE PREMIUMS.

"The BROOKLYN LIFE has made no half-way work of the adoption of this inestimable feature. It is noteworthy, in this connection, as a merited tribute to the excellent Company (Brooklyn Life,) which has so gallantly raised the standard of reform in Life Insurance, that we find in the whole list of existing Companies, few competitors which deserve so much credit in respect of economy of management, or care, skill and judgment in the selection of risks."—INS. Ayer's Cathartic Pills,
For all the purposes of a Laxative Medicine.

Perhaps no one medicine is so universally required by everybody as a cathartic, nor was ever any before so universally adopted into use, in every country and among all classes, as this mild but efficient purgative *Pill*. The obvious reason is, that it is a more reliable and far more effectual remedy than any other. Those who have tried it, know that it cured them; those who have not, know that it cures their neighbors and friends, and all know that what it does once it does always—that it never fails through any fault or neglect of its composition. We have, and can show, thousands upon thousands of certificates of remarkable cures of the following complaints, but such cures are known in every neighborhood, and why should we publish them? Adapted to all ages and conditions in all climates; containing neither calomel or any deleterious drug, they may be taken with safety by anybody. Their sugar coating preserves them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Minute directions are given in the wrapper on the box, for the following complaints, which these *Pills* rapidly cure:—

For **Dyspepsia** or **Indigestion, Listlessness, Languor** and **Loss of Appetite,** they should be taken moderately to stimulate the stomach and restore its healthy tone and action.

For **Liver Complaint** and its various symptoms, **Bilious Headache, Sick Headache, Jaundice** or **Green Sickness, Bilious Colic** and **Bilious Fevers,** they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For **Dysentery** or **Diarrhœa,** but one mild dose is generally required.

For **Rheumatism, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Back** and **Loins,** they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For **Dropsy** and **Dropsical Swellings** they should be taken in large and frequent doses to produce the effect of a drastic purge.

For **Suppression** a large dose should be taken as it produces the desired effect by sympathy.

As a *Dinner Pill*, take one or two *Pills* to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these *Pills* makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus. There are numerous cases where a purgative is required, which we cannot enumerate here, but they suggest themselves to everybody, and where the virtues of this *Pill* are known, the public no longer doubt what to employ.

Ayer's Cherry Pectoral,
For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Probably never before in the whole history of medicine, has anything won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs. As a provision against sudden attacks of *Croup*, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, all should be provided with this antidote for them.

Although settled *Consumption* is thought incurable, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to sound health by the *Cherry Pectoral*. So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach them, under the *Cherry Pectoral* they subside and disappear.

Singers and Public Speakers find great protection from it.

Asthma is always relieved and often wholly cured by it.

Bronchitis is generally cured by taking the *Cherry Pectoral* in small and frequent doses.

So generally are its virtues known that it is unnecessary to publish the certificates of them here, or do more than assure the public that its qualities are fully maintained.

UNFULFILLED.

I.

Our little table is spread for two,
With quaint old china, gold and blue,

Weird things are wrought on the homely walls,
As the conjuring fire-light climbs and falls.

In the corner my ready sea-chest stands,
Filled to the brim by the busiest hands.

Wife mirrors her face in the silver tongues;
I think of the morrow's rude sea songs.

"I have pictures, love," she says, "that gleam
From a troubled easel—last night's dream.

"A ship ashore on a cruel reef,
And a woman wringing her hands in grief.

"She kneels in prayer; a whirlwind wheel
Grows out of the dead ship's plank and keel.

"She stands in the spinner's toiling place,
Till the rose in her cheek hath lost its grace.

"Her lessening form is changed to wool,
Yet the hungering spindle ne'er is full.

"A weed-grown raft keeps company
With a vacant boat on a sailless sea."

How apt is woman's thought to build,
Where a varying dream may darken or gild!

II

Life flies; my last sea voyage is done;
Or wind, or calm, to me 't is one.

Tea things are set for a golden few;
Again our china, quaint and blue.

The conjuring home-light climbs and crawls
O'er dainty laces and India shawls.

Wife mirrors her face in the silver tongs;
I think of yesterday's glad sea songs.

"Tell, love, I pray, of the ship on the reef
And the woman wringing her hands in grief;

"Of the spinner whose white arms changed to wool
And the hungering spindle that ne'er grew full."

There are tears imprisoned in her eyes,
Which are loosened soon, as her voice replies—

"Women will dream and men will build,
And each will have prophecies unfulfilled."

LIFE INSURANCE.

NATIONAL

LIFE INSURANCE COMPANY,
OF THE
UNITED STATES OF AMERICA,
WASHINGTON, D. C.

Chartered by Special Act of Congress, Approved July 25th, 1868.

CASH CAPITAL,

$1,000,000,

PAID IN FULL.

It is no longer a question with any man, who tenderly loves his wife and children, who considers how helpless would be their condition in case of his *death*, as to the duty of taking out a LIFE POLICY, but as to which Company he shall pay his money.

If he reflects a moment he will conclude to patronize the Company which shows the greatest degree of vitality, which extends its business over the largest area, which is a Home Company in every locality; which furnishes insurance at the least cost; which issues no policies that are forfeitable should he be unable next year, or any subsequent year to pay his renewal; and which is undoubtedly able to meet ALL ITS PROMISES.

With these feelings and views, he looks over the newspapers and, by the time he gets through reading the advertisements of Mutual or Mixed Companies, he finds his mind so fuddled that he is at a loss where to go or what to do. He can not comprehend one-half that is written, and concludes that none but ACTUARIES, who are familiar with the principles upon which Life Insurance is based can comprehend, or explain anything about dividends and his liability for notes given in part payment of premiums. In his dilemma, he looks into the plan adopted by the

NATIONAL

LIFE INSURANCE COMPANY,
U. S. A.,

and finds just what he wants:

An ALL-CASH PLAN, reduced to the LOWEST MINIMUM Rate, like any commodity in Market, so much Insurance for so much Money. No notes to give; no interest to pay; no anxiety about Assessments; no apprehension of his Policy being forfeited next year if he does not pay his annual Renewal; and the RATES so much LOWER than other Companies, that he realizes a larger Dividend, IN ADVANCE, than other Companies can pay him in the future.

He finds that, instead of this UNCERTAIN PROMISE, and present high rate, that the

NATIONAL

presents a certain and definite sum for a much lower rate, and puts up its paid up Capital of

$1,000,000

as a guarantee fund, that its contracts will be fulfilled, and, like thousands of others, cheerfully calls on their Agent to make his application for a Policy. Hence the unprecedented and most wonderful success of the NATIONAL as contrasted with the older and Mutual Companies.

The Company issued its first policy on the 1st of August, 1868, and up to March 1st, 1869, it had issued

	3,382 policies.
Amount insured,	$10,005,550.00
Total Premiums,	350,117.58

The whole number issued by the Connecticut Mutual in the first year of its existence was 892

By the Mutual Benefit of New Jersey,	693
" New England Mutual,	343
" Phoenix Mutual,	335
" Massachusetts Mutual,	312
" Equitable of New York,	377

The Mutual Life, of New York, in the first year of its existence, only issued 470 policies.

In its 10th year,	1,260 "
And in its 20th year,	2,842 "

this latter being 690 *less* than was issued by the NATIONAL in its first seven months.

CAPITAL OF THE STATE,

NEW ARRANGEMENT.

The RALEIGH SENTINEL having passed under the Editorial management of the undersigned, it will, from the present date, be conducted by him.

It will be the zealous and fearless advocate of the CONSTITUTION of the United States, seeking to bring the people back to their ancient reverence for that immortal instrument, and to restore the policy of the country to that honored standard, as the only guarantee of National prosperity.

It will do justice to the men and measures of the present day, whenever they may merit it, but it will unsparingly lash and denounce all who set themselves up in opposition to the Federal Constitution, and hold up to the public indignation corruption and imbecility in high places.

It will ardently seek the promotion of the best interests of North Carolina,—moral, educational, material and political.

THE LATEST NEWS

From every quarter, both by mail and telegraph will be carefully collated and presented.

Full and correct market and financial reports will be given.

Feb 11-tf J. A. JONES, Raleigh, N. C

CAUTION! WE desire to warn the dealers in, and consumers of Snuff generally, that since the war, certain Tobacco Manufacturers, being unable to find a market for their snuffs, felt themselves obliged to counterfeit the general appearance of our packages, and imitate our Trade Marks so that a close inspection is necessary to detect the spurious article from the genuine, and others going so far as to assert that "Lorillard's Snuff is no longer made."

In making this publication we desire to warn the public against the impositions practiced upon them, as they are the losers thereby. It will be found, upon comparison, that Lorillard's snuff is "far ahead" of all others, being made of the best stock, after an original and secret process known only to ourselves, besides possessing great age, strength and pungency, and is warranted not to contain any dangerous or deleterious substances, which cannot be said of many worthless articles put on sale by others. The best is the cheapest in the end. A circular will always be mailed on application. In ordering please specify if Salt Snuff (High Toast,) or Fresh Snuff (Extra Scotch) is desired.

NEW METHOD OF WASHING CLOTHES WITHOUT LABOR.

THE AUTOMATIC
CLOTHES WASHER AND BOILER.

THIS BOILER IS MOST EFFECTUAL, reliable and universally recommended. It can be used on any Stove or Range, in any boiler, and the LOW PRICE of the article places it within the reach of every family.

This Boiler operates upon purely philosophical principles, is self-acting, and dispenses with labor and the wear of the clothes.

The hot suds and steam, by the action of heat, are driven up through tubes, poured upon the clothes, and forced through the fabric with astonishing rapidity, cleansing all articles, from the finest laces to the bed-blanket. For Flannels it is invaluable, as it does not full them as in the old process of rubbing and pressing.

The time required for cleansing a boiler full of clothes is twenty to thirty minutes, and nearly three hundred gallons of boiling suds are forced through the fabric, thoroughly loosening and eradicating the dirt WITHOUT LABOR or friction.—A thorough rinsing finishes the process.

Washing day will no longer be a terror and dread to housewives. The cost of the Boiler will soon be returned in the SAVING OF TIME AND LABOR, and the great saving in the wear of clothes.

The great value of this invention appears so clear, and appeals so directly to common sense, that we have deemed it unnecessary to accompany its introduction with numerous letters of approval, &c.

No invention has met with such ready sale and given such satisfaction. Call at LOUGEE & BROTHER'S, and see its wonderful operations.—We have the exclusive right to sell and manufacture in the State.
